

# INSTALLATION ASISTENTE SMART

## QUICK INSTALLATION GUIDE

Welcome! Please follow the following steps in order to activate the Asistente Smart in Iberdrola Clients App

### (I) Quick Installation Guide

\*If you have already downloaded the Iberdrola Clients App and you have an Iberdrola account, please omit this page of instructions

1

Download the **Iberdrola Clients app** from the App Store or Google Play

2

Open the **Iberdrola Clients app**

3

If you already have a user in **My Client Area**, enter your username and password.

If you haven't registered yet, click on "No account? Register" and follow 4 simple steps

## (III) Quick Installation Guide

1

Enter your **username** and **password** to go to the main screen of the app

2

Go to the **Asistente Smart**, at the bottom of "Servicios Smart"

3

Complete the **welcome process**

4

Enter your **basic profile**

You must complete the basic profile to enable a correct estimate of energy consumptions in your home.

5

Select more characteristics of your home to finalise your **complete profile**

The more detail you provide, the more precise the data we can provide you with, so we recommend you fill in the entire profile. You can do this now or later on.

6

Start enjoying your **Asistente Smart**

When the profile is complete, you will be able to start viewing data about your home in around 48 hours.

# Functions of the Asistente Smart app
